### Lap Harness

- » Helps prevent slipping for extra safety
- » Gel filled for soft skin contact

### Chest Harness

- » Helps maintain upper body balance and safety
- » Gel filled for comfort and height adjustable

### Back / Seat Covers

- » Offers extra comfort on backrest or seat
- » Removable and machine washable up to 60°C (gel covers – hand wash only)

### Swivel & Slide

- » Assists users to transfer on and off bathlift
- » Features gel filled padding for comfort

### Headrest

- » Provides extra support whilst bathing
- » Soft touch, comfortable foam with easy fitting

### Carry Bag

- » Facilitates transportation and protects bathlift

### Pommel

- » Separates legs to help maintain correct posture and prevent slipping
- » Easy fitting (seat holes must be predrilled)

### Wedge Cushion

- » Positioned under users knees to maintain correct sitting position / prevent slipping
- » Easy fitting (seat holes must be predrilled)

### Upper Body Support Wings

- » Provides extra lateral support and security
- » Slots in quickly and tool free to backrest

### Middle Suction Cups

- » Can be added to middle of base frame to avoid uneven surfaces and ensure secure adhesion

### Side Flap Protectors

- » Hooks onto bath handle to prevent side flap from catching (included as standard)
